The following example of entry in peer discussion has the intention of acting as a guide to allow you to complete your own learning record for your presentation to the MYGPHC site. During the discussion we both agreed that there is a need to share our learning when it comes to the safe practice of pharmacy with the pharmacy team. When this discussion between companies has helped you to reflect and improve your practice. I give a real example of any beneficial results for people who use their services as a result of making changes in their practice. You do not have to include information about the topic (s) discussed if you feel that the content is confidential. Elegate a pharmacā © utico locum to be my pair. I explain that my recommendations usually come from good practices that I have observed in other places of the Community pharmacy. Available for iOS devices through the App Store and Android devices through Google Play. The pharmacy staff expressed its satisfaction with the change, as it resulted in a lower number of loss cases related to the problem and that patients are less likely to suffer from damaging as a result. You should not replicate or copy and paste this material, but create your own entry based on your experience. My company explained how previously they have left detailed notes of the problems they found and received positive comments from the managers about this. Although he would leave notes after a change, he tended to be aware of notes that detail themes of day, but not necessarily suggestions for improvements related to patient safety. My discussion ME. To feel trained to try to make changes on a wider scale. Therefore, now when you fill a turn, or a period of employment locum at a pharmacy, I get in touch with the manager or manager of electronic email .krow .krow ire seicamrahp nti ssses nd-nad is nad - Oths nad-nad Esuaceeb reop siht followshc efint fusion naci Suritcaw / ycamrahp nsu flats ycamrahp fi TSEB Rias Krow No Diel Nac Taht Susons Dessucrsid 00 TCatnoc Nac Srebmemā Ć .30 ě Eitiver Troppus Noitadaver.
